Immortal love

She stood  
there frozen  
in the moment...

the wind blowed  
her heart  
Like a hurricane...

The silence overwhelmed  
her heart turned to ice..

She fight for ever this never..  
this never ending fight..

she turns around  
without a sound...

Feeling her wings  
and her heart..

Its when a fairy fell in love  
with him...

wondering if she is alone out there...  
without him to hold

She runs back out in the dark..  
to her tree of safety...

If he wants to find her..

he will...

If not.. Then She'll sit

sit there as long as a fairytale...

But Remember this..

remember She is no tale...

She may be getting afraid...

Even if she may be looking strong..

She's so easy to hurt..

She goes around..

Without a sound..

Feeling her wings

break in the winds..

and her heart..

Its when the fairy fell in love..

with him..

wondering if shes alone out there

without him to hold her..

She runs back out in the dark..

to her tree of safety...

omskreven version 2004

noone will be able to follow her traces..

What did he do to make her feel like this?

The Ice & the sun of her heart...

She thought were unbreakable...

The immortal love...
